Your reservation includes:

- Access to the property for a maximum of 15 guests at any given time (any increase on this must first be approved by the owners)
- Access to camping and (depending on your reservation) a number, or all of, our bedrooms, which includes 3 rooms with a queen bed in each, and one room with 2 singles. This is a bunk house, like seen in mining camps. It is by no means grand (actually probably 1 star) but it will provide you with a comfortable bed, air-con and shelter from the rain! Basically it saves you pitching a tent.
- Access to the toilet block, which includes a shower (with hot water) and separate toilet (BYO toiletries)
- Access to the shack and all its amenities
- Use of large drinks esky (available at the Kairi shop and Pub)

THE ESSENTIALS

Food

Although we will provide the basic cooking necessities, you will need to bring your own food for breakfasts, lunches, dinners and snacks (unless you're dining out at the spectacular cafes and restaurants nearby!)

Water and drinks

The water to the Shack is filtered bore water. It has been tested as potable and we drink it all the time! If you'd prefer bottled water, please feel free to bring your own.

Recommended clothing and shoes

We recommend bringing sunscreen and clothes, togs and a hat that provide high sun protection, as you will most likely be spending a majority of time outdoors or in the water.

Please also bring some shoes that will be suitable for all of the terrain such as mud, broken shells and sand.
